

BOARD OF PUBLIC EDUCATION

ANNUAL PLAN

FY2024

Updated 9/12/2024

MISSION STATEMENT

The Board of Public Education has a mission statement as directed by the Montana Constitution, which states, “There is a board of public education to exercise general supervision over the public school system and such other public educational institutions as may be assigned by law”. The Board of Public Education was established to supervise, serve, maintain, and strengthen Montana's system of free quality public elementary and secondary schools.

OVERVIEW

The Board of Public Education was created by the Montana Constitution of 1972 to exercise general supervision over the elementary and secondary schools of the state. The Board consists of seven members appointed by the Governor and confirmed by the Senate to staggered seven-year terms.

By statute, the Governor must appoint members to the Board so that no more than four may be from one of the two commission districts and no more than four may be affiliated with the same political party.

The Governor, the Superintendent of Public Instruction, and the Commissioner of Higher Education are ex-officio, non-voting members of the Board. In 1978 the Board added a student representative who is elected by the executive committee of the Montana Association of Student Councils to a one-year term. The Board maintains offices in Helena with a staff of three people headed by an Executive Director.

In addition to the constitutional mandate to exercise general supervision of the schools, the Board is assigned specific responsibilities by the Montana Legislature. A partial list of duties requires the Board to:

- adopt standards of accreditation for Montana schools and establish the accreditation status of each school;
- effect a system of teacher certification, including the accreditation of the teacher and administrator training programs;
- consider the suspension or revocation of teacher certificates and hear appeals from the denial of teacher certificates;
- administer and order the distribution of state equalization aid;
- adopt policies for the special education of handicapped and gifted and talented students; and
- act as the governing agency for the Montana School for the Deaf and Blind.

The following priority areas have been developed and approved by the Board of Public Education as part of their annual strategic planning process. The priorities are separated into 6 points, which includes subpoints and measures for each. The Board reviews their strategic plan at their July meeting and approves any changes at their September meeting.
